

Rama College of Nursing Report On GFATM Training Round – 7

As a part of recommendation given by INC, Rama College of Nursing has conducted training programme on HIV/AIDS and ART based on the GFATM- Round 7 modules and materials which is prescribed by the NACO and INC. The training program has been conducted from 26/12/17 to 28/12/17.

The programme was started with prayer song followed by inauguration by Dr. Srivastava, Director, Rama college of Nursing. He highlighted the importance and need of the programme for nurses and their role in prevention of HIV and TB to achieve the national health policy goals. Mrs. Sutha, in charge principal initiated the programme by inviting resources persons to train the students.

Classes were taken by various resource persons of Rama college of Nursing. It was a successful event which ensured the active participation of all the 4th B. Sc Nursing, GNM Internship and 2nd ANM students as well as 2nd M. Sc Nursing students.

Pre-test and post-test were conducted before and after the training program respectively. The training provided the students with expertise knowledge which enable them to expand their knowledge and attitude and skill to apply in their practical setting which contribute for the achieving national health goals.

Welcome speech was given by Mr. Keshava Reddy, Asso.Professor, Rama college of Nursing and the programme was winded with vote of thanks.
